PRODUCT FEATURES

GameClutch is the first universal solution to enhance control and comfort for touch screen gaming. GameClutch feels like a console controller, so you can play without limitations.

GameClutch features a unique clip mechanism that automatically adjusts to fit your phone. Best of all, GameClutch works with or without a case on your device – it's up to you. Find your fortune, lead a raid, burn a hot lap, and take out zombies faster and better than ever before - with GameClutch.

- Holds securely, with or without a case
- Adjusts to fit most smartphones*
- Console-grade ergonomics and quality
- Textured surface for feel and performance

*Compatible with devices up to 3.15 inches wide.
